

## SCC- GREAT SCAVENGER HUNT 2014-2015

The challenge is to photograph the items on the following list, in a creative, comical or visually enjoyable manner. The images should be taken between June 1, 2015 and December 31, 2015, to allow new members to participate.

There will be a night set aside in our program to view images.

The format for submitting is as per the club digital standard. Each image should be given the number and title with your standard submission number for identification.

This year, there will be no judging of the Scavenger Hunt photos. Remember, this is for fun and to unleash your creativity. We encourage you to submit **one photo** for each of the items listed below, however you may submit as many or as few images as you wish. Don't get hung up on the number!

PLEASE - Do not just go into your library and get the image....remember digital files have a time stamp.
